Reference: I refer to your letter dated 06.03.2023 on the above subject.

1. We note the letter of equivalency for the South Australian Certificate of Education (SACE) provided by the Commissioner General of Examinations.
2. We wish to inform you that we can only recognize these students who have completed Biology, Chemistry, and Physics in the SACE in one and the same sitting as specified in the Minimum Standard of the Medical Education Regulations approved by the Parliament of Sri Lanka as eligible for degree approval. This should be made clear to any student who is studying for the SACE with the expectation of practicing in Sri Lanka after graduating as a Doctor.
