

What is a vision statement?

The vision statement should be a clear and inspiring description of what the subject aims to achieve in the future. It's like a guiding star—defining aspirations and setting a long-term direction. Think of it as answering the question: "Where do we want to go?" It's meant to be ambitious, motivating, and forward-thinking.

Guiding criteria:

- Makes clear what is unique to the subject
- Reflects the **key drivers** in the context of that subject
- Is focussed on the essence of the subject
- Future focussed

Vision statement

Dance fosters creative, critical thinkers and passionate participants. Students explore diverse perspectives with respect and empathy, apply safe dance practices, and communicate ideas through movement. Emphasising creativity, ethical practice, and artistic intention, students are prepared to contribute meaningfully as an artist or audience, creating new value beyond imitation while honouring their personal motivations. Through rigorous practice, collaboration, and critical engagement, students gain transferable skills, becoming confident, adaptable, resilient global citizens.

NB: as Subject Renewal Groups (SRGs) progress through the Subject Renewal process, plans and documents will be further refined and updated.
