

What is a vision statement?

The vision statement should be a clear and inspiring description of what the subject aims to achieve in the future. It's like a guiding star—defining aspirations and setting a long-term direction. Think of it as answering the question: "Where do we want to go?" It's meant to be ambitious, motivating, and forward-thinking.

Guiding criteria:

- Makes clear what is unique to the subject
- Reflects the key drivers in the context of that subject
- Is focussed on the essence of the subject
- Future focussed

Vision statement

The study of Food and Hospitality will empower students to navigate and contribute to the enduring future of food. Through the creation of food-based experiences, students explore a range of contexts and issues related to contemporary food production. Students gain lifelong transferable skills through cultivating comprehensive food knowledge, and culinary principles and practices.

NB: as Subject Renewal Groups (SRGs) progress through the Subject Renewal process, plans and documents will be further refined and updated.
