

What is a vision statement?

The vision statement should be a clear and inspiring description of what the subject aims to achieve in the future. It's like a guiding star—defining aspirations and setting a long-term direction. Think of it as answering the question: "Where do we want to go?" It's meant to be ambitious, motivating, and forward-thinking.

Guiding criteria:

- Makes clear what is unique to the subject
- Reflects the key drivers in the context of that subject
- Is focussed on the essence of the subject
- Future focussed

Vision statement

The Modified Subject's framework creates innovative and highly personalised opportunities for all young people to realise their potential and achieve success.

Students express their agency in co-creating an appropriate curriculum that meets their unique learning profile, with support and/or in partnership with advocates.

Modified Subjects provide the learning opportunities to expand and explore post school pathways while focusing in on personal areas of interest within a range of subjects.

NB: as Subject Renewal Groups (SRGs) progress through the Subject Renewal process, plans and documents will be further refined and updated.
