

Online submission 2020 – Codes for subjects and assessment types

Schools Online will accept a single file or multiple files using the correct file-naming format. Teachers are responsible for submitting all tasks for all assessment types within the files uploaded for submission. For example, if Assessment Type 1 requires three tasks, then the three tasks should be represented in one or more files uploaded for Assessment Type 1.

In 2020, external investigations for all subjects with an external investigation will be submitted online.

In 2020, school assessment materials for all subjects, except for Community Studies, will be submitted online.
