

MATHEMATICAL OPTIONS

The diagram below represents the possible mathematical options that students might select as Stage 1 and Stage 2 subjects.

Solid arrows indicate the mathematical options that lead to completion of each subject at Stage 2. Dotted arrows indicate a pathway that may provide sufficient preparation for an alternative Stage 2 mathematics subject.

- SM Specialist Mathematics
- MM Mathematical Methods
- GM General Mathematics
- EM Essential Mathematics

Notes: * Although it is advantageous for students to study Australian Curriculum 10 and 10A in Year 10, the 10A curriculum *per se* is not a prerequisite for the study of Specialist Mathematics and Mathematical Methods. The essential aspects of 10A are included into the curriculum for Specialist Mathematics and Mathematical Methods.

** Mathematical Methods can be studied as a single subject; however, Specialist Mathematics is designed to be studied together with Mathematical Methods.
